My appointment at North City Accounting was with Leslie. I found it to be a very beneficial and informative experience. I found Leslie to be very well informed, intuitive and with an interesting and easy to follow way of approaching and explaining the various matters that I was interested in. I contacted NCA regarding a business that I had recently started. It was quite a productive meeting for me and I was left with a good understanding of what we had discussed and was able to set more clear goals to further my business. Apart from personal tax matters, If you are starting a business, or intend to grow/diversify your business (as this was the purpose of my meeting with Leslie) I would definitely recommend contacting North City Accounting

Leslie did both our personal, SMSF tax returns and Super Audit for the 2016 tax year. Initially went to Joondalup for a chat, got a quote in writing to do both returns and audit and decided I would change accountants. The returns were done quickly without any fuss and quite a few dollars saved. Look forward to an ongoing relationship with Leslie and the North City team.

A very easy 5 stars to North City Accounting. I have set up a new office in Perth with quite complicated transactions. The ATO conducted a review of the business because of the type of transactions.
